FINAL LECTURING TIMETABLE: SEMESTER 2 – 2024/2025

Please find attached the **FINAL** lecturing timetable for the JANUARY to MAY 2025 semester. The timetable has been designed based on the core and optional courses as per the different programme structures. The students are advised to note that it is not allowed to register for courses that are scheduled to run at the same time (clashing courses) as per **General Academic Regulation 00.615** (please refer to it).

We are aware that we have different categories of students. That is, we have:

- 1. Students who are following their respective programme without any retakes** - These students will register for the Core courses and Optional courses as provided for in the timetable and choose Electives/GECs which do not clash with their core and optional courses.
- 2. Students who are proceeding with Retakes** - These students will register for the core courses and optional courses as provided for in the timetable and choose Electives/GECs which do not clash with their core and optional courses. They may also register for their Retakes if the timetable allows. **This category of students must without failure, discuss their choices with the personal tutor.**
- 3. Students who joined their programme at different levels and have been exempted some courses:** This category is different from both 1 and 2 above (these are the In-Service/Progression and Re-instated students). They are required to plan their registration strictly based on the provisions of the timetable. This means that, as much as they may take courses across the semesters, **if they find that the course they intend to take is scheduled at the same time with the other one, then, they should not attempt to register for that course. This category of students must without failure, discuss their choices with the Academic Advisor.**

You are also advised that where a course has more than one (1) group for class, practical or tutorial, the system will automatically allocate you to such groups. You shall then be required to attend your classes/practicals/tutorials according to those groups

NB: STUDENTS ARE REMINDED THAT REGISTERING CLASHING COURSES IS NOT ALLOWED AS PER REGULATION 00.615, THE SYSTEM WILL BLOCK THEM. FOR ASSISTANCE WITH REGISTRATION OF ELECTIVES PLEASE CONTACT THE ACADEMIC SERVICES OFFICE THROUGH THE REGISTRATION EMAIL ; registration@buan.ac.bw, call 36500330/325/127 or 77330665.
